## *Message from the Heart.....*

Spark is a simple and modest inaugural presentation of our college magazine. The name liberated from the very ethos of our institution and stands for "enthusiasm".

*"Whatever you vividly imagine, ardently desire, sincerely believe, and enthusiastically act upon... must inevitably come to pass!"* - Paul J. Meyer.

Success in life depends on the "spark" that you have in you.

If I am permitted to say so, the quality of an institution should be perceived by measuring its "spark quotient". According to me it should encompass .....

**S**PARKLE: Eyes reflect the joy and satisfaction accompanied with contentment. It reflects happiness that emerges from within. We can see the glint in the eyes of the individuals who are truly satisfied with life.

*"What lies behind us and what lies before us are tiny matters compared to what lies within us."* - Ralph Waldo Emerson

**P**ASSIONATE ACTIONS: Doing the part you have committed to, with love and sincerity. It means being honest to oneself and aiming for quality.

*"Love what you do and Do what you love and you will not work another day"* - Mother Teresa.

**A**TTITUDE: The quality of our work is directly proportional to our attitude. Attitude decides the altitude of our success. Unless one does not feel from the heart the actions are meaningless. Positive attitudes beget positive thoughts.

*"All that we are is the result of what we have thought."* - Buddha

**R**EVITALIZE: We must invigorate ourselves through spiritual growth. In everything give thanks to the creator and ask Him to strengthen us physically, emotionally and spiritually.

*"Throw back the shoulders, let the heart sing, let the eyes flash, let the mind be lifted up, look upward and say to yourself... Nothing is impossible!"* - Norman Vincent Peale

**K**OOL AND KALM: Well you don't have to pull your hair nor stamp your feet just because I have spelt it wrong. I may be wrong but you read it write, oops!! Right. Its all about being cool and calm in all situations.

*"It is amazing how much you can accomplish when it doesn't matter who gets the credit."* God knows who said it?

Our efforts have been to ensure quality education and not merely churning out professional graduates, to bring out that 'SPARK' to lead quality life. Let me take this opportunity to wish all the readers especially my students a sparkling life and success in all their endeavours.
