The first edition of our college magazine 'SPARK' was launched during the session 2007-08. It gives us great pleasure to bring forth the second edition of 'SPARK' for the session 2008-09.

With each coming year every SPARK will portray the significance which denotes its intensity. This year SPARK conveys the essence of 'S' Sparkling eyes.

Sparks that may remind you of Sparkling Eyes.....

- of the mother when her baby takes her first step
- of the tiny girl who is excited about the first shower of the year
- of the adolescent who has appeared for her Std X final Exam

Eyes are the windows of the soul and can portray a multitude of emotions like care and support of a true friend, happiness coupled with inner peace reflecting calm and relaxed mind. A face can conceal its expressions, but eyes convey through their true 'Sparks'.

Our 'SPARK' is the window to the world of Teaching. It is a reflection of the sparkling enthusiasm, passion, intensity and dedication of teachers for the profession they have chosen.

Every spark adds to the fire of creativity. Great conflagrations are born of tiny sparks.

Our need of the hour today is not only to become professional graduates but also to kindle the SPARK OF SENSITIVITY in us so that we can nurture students into sensible, constructive, God-fearing and responsible human beings in a peace loving world.

I dedicate this issue of SPARK to all those who have laid down their lives in the disastrous terrorist attack

I hope you all enjoy reading it as much as we enjoyed compiling it.
