Editorial

"The whole is greater than the sum of its parts." Aristotle

With gratification, we put forth the next synergized piece of creation, SPARK, our annual college magazine; an assemblage of the literary contribution by our student teachers and glimpses of our journey through this wonderful academic year.

SPARK is our effort to etch the beautiful memories of our students. The literary articles reveal the potential and the hidden talent of our students as well as teachers. I appreciate and thank everyone associated with SPARK for rendering their endearing love and support, and hope this association continues for a life time.

The theme for this year is 'Synergy' which comes from the Greek word synergia; means 'working together'. It is the simultaneous action of separate individual parts, which together produces a greater effect than any one of the parts alone. There is no 'I' in a team, it is only

'We' and the focus is on the common goal or purpose. "None of us is as smart as all of us", the team creates synergy where people cover each other's weaknesses and emerge stronger as one." Great leaders bring about optimal results through synergy. Developing synergy is a process, not an event. We at PCER, Panvel work profusely towards creating an attitude among our student teachers to work synergically. The power of synergy is exponential whereby it doesn't work through addition but rather through multiplication.

We are confident that our students will keep up to our expectations and lead a life filled with Symbiosis, Energy, exchange of ideas, Efficiency, positive Reciprocation, Giving & sharing and additivitY in the progress of our nation.

I express my gratitude to our beloved Principal DR. Sally Enos for her enduring faith in me and entrusting the task of putting this wonderful journey together through SPARK. Her unconditional support and guidance has always acted as a catalyst to bring out the best in me as an individual.

I hope this venture of ours will find a special place in the heart of the readers. Wishing everyone great success and a synergetic life!

Asst. Prof. Mrs. Goeta S. Thakur
