ANNUAL MAGAZINE

2016-17

Editorial

"Entire existence is nothing but a projection of feelings"

Ms. Pradnya Jadhav

'Bhava' or feelings associated with the mind, intellect and heart are at the core of everything. Feelings are the quint essence of life. When expressed meticulously they become one's own reality. Delight we get from the same is incomparable.

I am elated in putting forth this beautiful collection of ideas by our students and teachers, an adumbration of information and imagination in the form of annual college magazine, "Spark".

Purpose of education is said to be achieved when an individual is at its creative best and expressive to the hilt. We intend to bring best out of our students through this venture, wherein, feelings of warmth and animosity are expressed freely without any restriction and reservation. This will solidify further, threads of memory between the college and its students to the end of time. This work brings out the potential of our students. Striking instances you come across while going through this magazine will prove it.

I extend my heartfelt thanks to all those visible and invisible hands responsible for making this Magazine an exceptional one.

The theme of this magazine is "feelings" which bind us together. Expression of feelings narrows down distances and differences. They help us become one with all. In the absence of feelings an intellect becomes barren land or a manipulative tool in the hands of obstinate.

We, at the PCER, encourage our students to harbor feelings of warmth, loving kindness, interest, attachment and longing. Feelings keep us together and lack of it makes one languish in isolation.

We believe that an individual qualifying afore said virtues will help society to be a better place to be in and keep intact the nation and the values it stands for.

I express my deep gratitude to our dynamic Principal Dr. Sally Enos, an epitome of industriousness and personification of perfect teacher; for her guidance and suggestions. The trust she reposed in me for this difficult task inspired me to exert my best, Otherwise I was least prepared to accept this task.

I am pretty sure this venture of ours will be found both interesting and informative by all our readers.

Wishing you all the success.
