Proud of our Alma Mater - NAAC Accredited "A" grade college

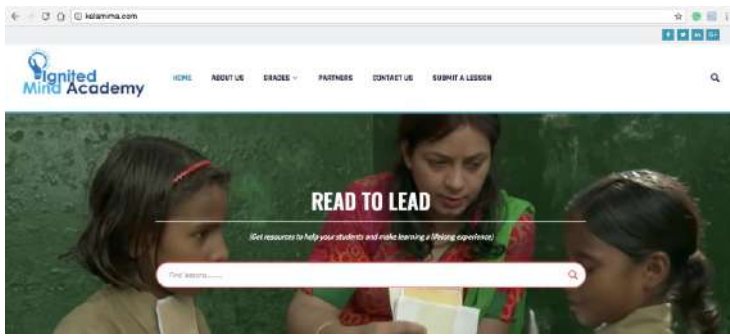

The NAAC Peer team visited our institution on 25th to 27th August 2016 and the result declared our institution being accredited with a CGPA of 3.31 on a seven point scale at 'A' grade valid for a period of five years from 16th September, 2016. The NAAC peer team had interaction with the alumni of the college. One team of alumni also presented a cultural programme which highlighted the mission and vision of our college. For the interaction, many alumni came and discussed the college and the facilities provided. We like to believe that this interaction also helped the college. The grade reflects the able leadership of our Principal Dr. (Ms.) Sally Enos and the efforts put in by the staff and students of PCER.

Diwali Celebrations at Shantivan, Nere

As has been the practice for the last few years, some of our alumni made time and effort to visit Shantivan and spend time with the old age home people residing there. The residents actually look forward to this annual visit and it is an emotional bonding that has been forged. The entire campus of Shantivan was decorated with festoons, lanterns and candles. Many beautiful rangolis were made at various places and were later lit with diyas. It added to the festive look of the place and Deepavali, the festival of light could be seen here.

Let's contribute to the Kalam Centre

Our alumnus, Ms. Shaily Shah has been working on an educational initiative that encourages the youth of the nation to take up the task of being a community teacher through the KalamCentre@Campus initiative.

Blog by Ms. Poonam Verma

Creativity is not something we need to look for in our alumni. It is heaped upon them. One of the creative expression is creative writing of our alumnus, Ms. Poonam Verma has been an active blogger and you can read up about her blogs on very interesting, everyday topics like time at <https://speakupmindforever.blogspot.in>.

Session On Classroom Management

Mr. Ramakant Chourasia, alumnus of MES' Pillai College of Education and Research, New Panvel and presently the faculty of St. Joseph's College of Science and Commerce, Kalamboli accepted our invitation to conduct a session on Classroom Management-Prevention, Intervention and Remediation. The session gave an insight on managing the behaviour of teenagers effectively. The intervention strategies suggested by him were very useful and will definitely help our student teachers to mould diverse student resources into responsible citizens of the future. He stimulated the thought process of student teachers and elicited inputs from them in a simple and effective manner.
