Subject: Permission to use the DPGA School ground

Sir,

In continuation to our telephonic conversation, this is to inform you that our teacher training institution, Pillai College of Education and Research, New Panvel is organizing the Sports Day on Saturday 14th January 2023. We would like to seek your permission to use the school ground and sports facilities for conducting the various events. The events are scheduled from 8 am to 2 pm and we are mainly focusing on team activities for the student teachers. There would be around 100 student teacher participants and staff. We assure you that we will take care of the school property.

Thank You

Yours faithfully

Letter of Appreciation

Madam,

Our organization would like to express our gratitude for the valuable services rendered by your students at our female youth home "Navjeevan Centre, Nerul". Your student teachers were very energetic and made the learning environment joyful. It was a wonderful experience for our junior college and undergraduate youths as they got an opportunity to interact and experience memorable moments. The student teachers were courteous, and they followed the rules of the institution and ensured that the mentoring and teaching was carried out smoothly.

The efforts put in by your students to teach our children and prepare them for their college and university examination made a positive difference in our children's education and we are grateful for their efforts. The F Y BA and SYBA students have cleared their first semester exam with good grades, while the results are awaited for the rest of the students. We are very sure that these student teachers will become effective teachers in the future as they have exhibited a positive attitude towards bringing about equity and justice in the society. The following students have completed the given hours of community work at our center from November 2022 to January 2023.

Execution of Community related Events

Linking with NGOs

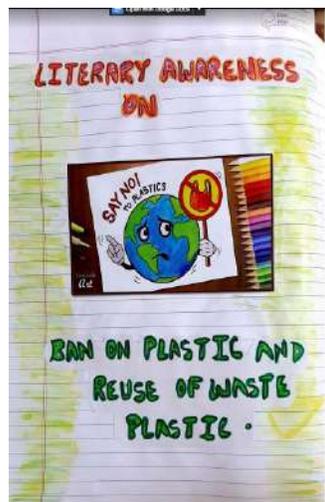

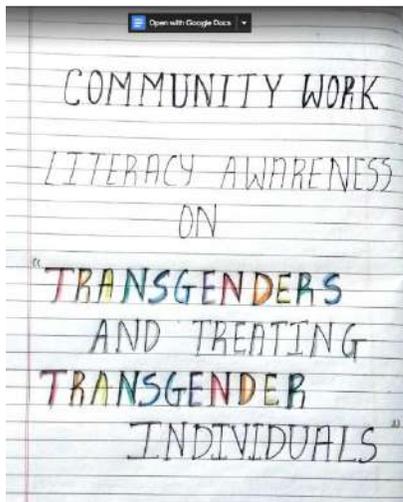

पढ़ेगा इंडिया, तभी तो आगे बढ़ेगा इंडिया: We at PCER believe in making a difference to the world we live in. In alignment to the college objective, the student teachers from the F.Y. B.Ed. batch started their first year in college by participating in literacy awareness drive at four different NGOs located in Navi Mumbai (Kal ki Chhaya, Jeevan Jyoti, Navjeevan, Nirmal Jyoti). Community work started from 1st November till 14th January 2023. At PCER, students benefit greatly - both academically and emotionally - from volunteering their time to make the community and world a better place. The students are involved in a range of community service activities have been actively involved in social service and have sought ways to enhance this involvement.

Literacy & Awareness campaign: The student teachers were given the task of creating PowerPoint presentations (PPTs) on various topics related to social awareness, such as gender sensitization, environmental conservation, status of women, policies and laws for women protection, and career guidance. The purpose of these presentations was to increase awareness among students and to sensitize them on the importance of these issues. Student teachers were responsible for delivering these sessions in their respective internship schools, which provided them with practical teaching experience. By creating and delivering these presentations, the student teachers not only gained valuable teaching experience but also helped to raise awareness among students about important social issues. This is an excellent example of how educational institutions can promote social responsibility and encourage students to take an active interest in making a positive impact in their communities.

Community work at Bhartiya Manav Vikas Trust's Special School, New Panvel

We had our community service initiative at Manav Vikas Sanstha, a school for special children at New Panvel. This school has students with mild to moderate to severe disability that are taken care of by a wonderful team of well-trained and sensitive teachers led by their Principal, Ms. Shreya Jadhav. Each batch of our student teachers spent two hours every day with the children and their teachers in understanding the needs of the students and ways to help them. Our student teachers also prepared teaching aids for the center as per the instructions of the teachers. The objective of taking our student to this school was to make them sensitive to the society we live in; the people who are part of the society and also make them realize the amount of patience and sensitivity required by the teachers to handle special children.

Community work at Rotary Club of Panvel Industrial Town Charitable Trust's Rotary Special School for Hearing Impaired Children at New Panvel

Our student teachers and teachers attended the school in small batches and assisted the teachers in their daily activities of teaching learning and other cocurricular activities for nearly two hours daily. We were at this center for a month. Our students were sensitized to need for early testing of children to understand impairment and the course of action to be taken after diagnosis. It was understood that early diagnosis leads to almost recovery and near normal speech

and hearing. Our students also learnt some basic sign language to communicate with them. They came back with a sense of satisfaction and a new appreciation for life as we know it.

Shramdaan: At Shantivan, Nere, Panvel

This year one of our community service initiative has been with Shantivan, Nere, Panvel which is primarily a center for Leprosy eradication and rehabilitation. This center also has an old age home, a naturopathy clinic, home for dependents, a school for Adivasi children and many more aspects. Our students and teachers had a three-day visit to Shantivan to clean up the place after the rainy season. Our students are involved in 'Shramdaan', which actually involves hard labour. We pulled weeds and overgrown grass from different sections of the center as per the instructions of the staff. This was also a preparation for Diwali. Our students and teachers completed all the work as given. They also spent time at the old age home with the senior citizens and were moved by the tales they heard from them. This also sensitized them to the need to look after our parents in their time of need.

Creating Awareness on Noise pollution:

On November 30th, 2019, the college arranged a silent march in Khanda Colony with the aim of raising awareness about noise pollution. The students carried placards bearing messages about the prevention of noise pollution and its negative impact on the mental well-being of the community.

Celebration of Community Service Day by Mahatma Education Society: Immanuel Mercy Home

As Mahatma Education Society celebrates its 50th year, our Community day on 24th January, 2020 had a slight difference. This year, we were asked to invite our alumni to participate as volunteers for the day. As in the past year, this year also we had children from Immanuel Mercy Ashram, Chiple, Panvel as the NGO we connected with. For community day, we obtained permission to take children to V Pillai Campus and on the day of the event, 20 children from the ashram were brought to the campus. After a wonderful lunch, we took the children to the designated room where we had organized games for them. Our alumni immediately took over the activities and games and involved all the children. Most of the games were group games but we also played Housie. The children had a wonderful time participating in these games and everyone went home with prizes. The prizes chosen this year were of utility value depending on the age of the students. After receiving snacks and gifts sponsored by Mahatma Education Society, the children were dropped off at Immanuel Mercy Ashram

Community Service: Jeevan Jyothi Trust, Panvel

Along with Jeevan Jyothi Trust, Panvel we conducted community work in 2018-19 with the children from economically weaker sections residing very close to Panvel railway station and NMMT bus depot. There were close to 40 children who assembled in a room rented by the sisters of the trust.

Paper-bag making and distribution: Pillai College of Education Research, New Panvel

Paper bag making is an annual yearlong environmental initiative by PCER. We prepare paper bags out of old magazines or old newspapers. These bags are then stamped with environment friendly message and distributed to few vendors in the Khanda Colony market area.

Celebration of Community Service Day by Mahatma Education Society: Immanuel Mercy Home

Community Service Day was celebrated on 2nd February 2019 at V. Pillai Campus, New Panvel(W) of Mahatma Education Society. About 20 children in the age group of 5 to 15 from Immanuel Mercy Home were invited for a sumptuous lunch and games thereafter.

Jumble Sale: Soroptimist International Bombay Chembur

Student teachers contributed to the Jumble Sale this year held at the V. Pillai Campus, held on 22nd October 2018. Good, usable clothes and toys in good condition were collected and sent to the campus. The proceeds of this activity are also used to further the cause of the community by the Mahatma Education Society.

Cleanliness Drive Kushtarog: Nivaran Samiti, Shantivan, Nere, Panvel

Pillai College of Education & Research, New Panvel arranged community service for the students this year at Shantivan, Nere, New Panvel on 22nd and 23rd October 2018 and 12th and 19th January 2019. Teacher training curriculum is not only about development of knowledge and skills. It goes beyond these realms into what are the responsibilities of a teacher towards the community. For this community interaction, we took our students to Shantivan, Nere, a leprosy eradication center. We contributed by cleaning the place and cutting grass. These two days of Shramdaan gave the students an opportunity to extend ourselves and services for the community learning empathy, collaboration, communication and to help others.

Paper-bag distribution: Pillai College of Education Research, New Panvel

Student teachers at PCER, made paper bags out of old magazines or old newspapers. These bags are then stamped with environment friendly message and distributed to few vendors in the Khanda Colony market area. These vendors use these bags for selling sprouts, masala and other items like dried fish. At the moment, we have focussed only on few vendors but we plan to widen the area of this activity. The bags are sent to the vendors on a regular basis and students are asked to interact with them to find out their specific needs, if any. This initiative has been well received so far and we plan to continue with it. Both our first and second year students are involved in this community work.

Academic Year 2019-20

Celebrating Yoga Week (13th to 20th June 2019): The global celebration of Yoga focuses on promoting peace, harmony, and inner happiness. The weeklong session commenced with an introduction to the health benefits of practicing Yoga. Student teachers practiced different asanas everyday like - Trikonasana, Bhastrika Pranayama, and Anulom Vilom Pranayama. These asanas can be incorporated into our daily routine, and they aim to promote relaxation, enhance strength, and alleviate stress. Apart from that, student teacher's integrated yogic exercised along with music. It provided a unique approach to stretching and relaxing the body.

Hindi Bhasha Diwas (14th September 2019): To commemorate the significance of the ancient Hindi language, the Student Council orchestrated a Hindi Diwas Celebration on September 14, 2019. A mandate was put in place for everyone to communicate solely in Hindi throughout the day. Students prepared speeches in Hindi and performed songs to underscore the importance of the language. The event reached its climax with engaging Hindi puzzles, games, and quizzes, challenging our linguistic abilities and adding a touch of excitement to the celebration.

Garba Dandiya (5th October 2019): The Student Council orchestrated a vibrant Garba/Dandiya dance event on October 5, 2019, held in the assembly hall of the college premises, which brought together both alumni and student teachers.
