1. LOCAL COMMUNITY BASED ACTIVITIES

LINKAGE WITH SAMARTH BHARAT VYASPEETH

In association with Samarth Bharat Vyaspeeth E-waste Collection Drive was initiated by PCER-Panvel. Plastic waste is an issue which is still prevalent on our planet however due to increase in technology, the next hurdle faced by humankind is increasing e-waste. Proper disposal of e-waste is a burning concern therefore the Nature club decided to collaborate with Thane Mahanagar Palika's Swacch Sarvekshan 2022 for creating awareness among the student teachers about e-waste and its proper disposal. Student teachers collected e-waste from their family and relatives and submitted it to the college. The college in turn donated e-waste to the organization for its eco-friendly method of disposal.

Linkage with Bharat Vikas Parishad

Shramdaan- Promoting a sense of Patriotism

25th Sept. & 2nd Oct. 2022

To instil a feeling of compassion and appreciation towards our soldiers in the front, the student teachers of S.Y. B.Ed. participated in Diwali sweets packing for the army jawans at the Indian border posts. This event was organized by Bharat Vikas Parishad and was a small gesture to express our deep heartfelt gratitude to our brave soldiers who stay away from their families during all the major festivals guarding the Indian borders and keeping us feeling safe and secure.

Memorandum of Understanding with Muenzer-Bharat

A National Level Seminar on 'Environmental Re-engineering Series 9, Clean & Green Planet', organized by MES' Pillai College of Education and Research, New Panvel was held on 1st December 2018. We invited Mr. Sanjay Shrivastaava, MD, Muenzer Bharat Private Ltd. Muenzer who is on a National Used Cooking Oil Mission for India to conduct a session for the participants. The objective of Muenzer Bharat is Swachh Bharat –Swasth Bharat. Mr. Sanjay focused on how Muenzer helps in rising the quality of the oil used resulting in significant positive impact on the National Health level. He explained how National dependency of fossil imports is reduced by producing sustainable biodiesel from used Cooking Oil, thus strengthening National economy. He highlighted the quote by Gandhiji which says "It is health that is real wealth and not pieces of gold and silver" and also "Be the change you want to see in this world." Mr. Sanjay Shrivastaava left the audience asking for more with his interesting and eye opening talk on the theme and he patiently answered to the questions posed by the audience.

Visit to Muenzer Bharat Pvt. Ltd., Nerul

The students of B.Ed. along with the staff members visited Muenzer Bharat Private Limited, Nerul, Muenzer Bharat Private Limited, is a Subsidiary of Foreign Company and is registered at Registrar of Companies, Mumbai. It contributes to raising life expectancy, improving the environment and delivering energy independence for India. The company converts Used Cooking Oil (UCO) to sustainable biodiesel so that it neither re-enters the food chain nor pollutes the environment.

In this visit the students learnt from the research done by Mr. Sanjay Shrivastaava, MD, Muenzer Bharat Private Ltd. & his teammates:

- In spite of Indians' general healthy lifestyle, life expectancy is comparatively low at just 65 years. Statistically, this correlates with vascular problems caused by the excessive re-use of cooking oil.
- In India, used cooking oil (UCO) is too often dumped into sewers and rivers. This damages aquatic ecosystems and pollutes the drinking water supply of downstream communities. Micro-organisms eventually metabolize the oil, emitting the greenhouse gas carbon dioxide. Part of that contributes to the acidification of the oceans, which in turn causes coral bleaching and weakens the exoskeletons of shellfish.
- Besides this, there is an economic impact too. India is the world's largest importer of crude oil and fossil energy. This contributes to an enormous trade imbalance and weakens the national economy. Collecting and converting UCO into biodiesel not only avoids negative economic impacts on health care, fisheries and tourism, it also directly reduces demand for imported fossil fuels.

Dr. (Ms.) Sully Eros
PRINCIPAL
MAHATMA EDUCATION SOCIETY'S
Pillai College of Education & Research
Dr Pillai Teacher Training & Research Centre
Plot No. 1, Sector-8, Khanda Colony,
New Panvel-410 206

The visit helped to increase awareness about the improper use of cooking oil which negatively impacts population health, the environment and the economy. It enabled students to understand the entire process of how Muenzer provides containers, collects UCO, how weighing and documentation of collected UCO takes place and finally the mechanism of how 100% of UCO is converted to sustainable ISCC certified biodiesel. Everyone was inspired to support Muenzer Bharat's motto- 'Swacchh Bharat, Swasth Bharat'!!

Installation of Used Cooking Oil (UCO) collection containers

Muenzer Bharat Pvt. Ltd. loan their customers used cooking oil (UCO) collection containers and bins in various sizes so they can dispose of it in a hygienic and responsible way - an important contribution to a clean and healthy India. PCER-Panvel with its concern for the environment has also placed containers in the canteen in its campus and also promoted it in other Pillai campuses.

2. PRACTICE TEACHING/ INTERNSHIP

LINKAGES WITH SCHOOLS

Linkage with Schools wherein our students are placed for Internship was also strengthened by an MoU signed by the heads of both the institutions. The schools with whom MoUs were signed are:

- JBSPS' Changu Kana Thakur School
- JBSPS' Changu Kana Thakur Junior College-(Science & Commerce)- New Panvel
- Vishwajyot High School-Kharghar
- Empyrean School- Kharghar
- Mahatma International School-New Panvel (W)
- Mahatma School of Academics & Sports New Panvel (W)
- AVB Phadke High School, New Panvel
- Radcliffe School, Kharghar
- Presentation Convent, Nerul
- New Horizon School, New Panvel(W)
- Balaji International School, Kamothe

Students engage in various activities in their Practice teaching schools where they are placed like:

<ul style="list-style-type: none">➤ Observation of school activities➤ Observation of lessons given by peers➤ Shadowing of school Teachers' lessons➤ Teaching Lessons in Pedagogy of school subject➤ Teaching Theme based lessons➤ Co-teaching with school teachers➤ Administration of Unit test and analysis of results➤ Invigilating examinations➤ Conducting morning prayers and assembly➤ Volunteering school activities➤ Preparing anecdotal records	<ul style="list-style-type: none">➤ Maintain Reflective journal on internship activities➤ Co-teaching with peers➤ Develop Learning Resources➤ Conduct Action Research➤ Participation in Community work in collaboration with Schools➤ Conducting Proxy lectures➤ Assignment/HW Checking➤ Assist school teachers to conduct various co-curricular activities➤ Organising Exhibitions➤ Organising notice board➤ Maintaining discipline of the students
--	--

The heads & staff of all the schools support & extend their cooperation to PCER-Panvel for completion of internship related activities & conduct of Placements. At the same time the B.Ed. students also help the various subject teachers of the school in completion of portions, evaluation and conduct of Co-curricular activities.

In Association with Civil Defense Organization, Raigad

Pillai College of Education and Research organised a 3-day workshop from 14th to 16th November 2019 on disaster management for the student teachers of B.Ed. and M.Ed. The session was headed by Deputy Controller Smt. Rajeshwari Kori and Assistant Deputy Controller Mr. K.R. Kurkute from the Civil Defence Organization. The delegators of the session have been working with Civil Defence Organisation appointed by the Government of each state. Civil Defence Organisation works at global level; it began in England during World War II and has its presence in countries like the United States, France, Russia and Pakistan. It works all over India at three levels, which is Central, State and District. At the central level, it consists of the Advisory Committee which advises the Indian government. At the state level the members include Home Secretary, associate members, deputy secretary. It carries out various projects and foresees their implementation on the state level. The organization includes Civil Defence Joint Planning Staff headed by the senior most IPS. At the state level, Mr. Sanjay Pandey is the Director. In the state of Maharashtra the organisation is present only in 5 districts towns because of the risk factors present there. These include Mumbai, Tarapur, Raigad, Nasik and Thane.

4. DISCERN WAYS TO STRENGTHEN SCHOOL-BASED PRACTICE

MoU with Baha'i Academy, Panchgani

On 27th April, 2019, MES' Pillai College of Education and Research, New Panvel (W) and Baha'i Academy, Panchgani signed an Memorandum of Understanding (MoU) to stimulate and facilitate the development of collaborative and mutually beneficial programmes and activities and enhance community well-being by engaging in research and action in the field of value education. Both the institutions agreed that they would co-operate in organizing lectures, workshops, practical activities and research in the fields of mutual interests such as building moral capabilities, teaching-learning methodologies and community service projects based on universal human values. This collaboration will help to enhance students' moral leadership, and people's skills, exchange ideas for enhancement of quality education.

Workshop on Universal Human Values

A two day workshop on “Education in Universal Human Values” was organized on 25th and 26th April, 2019 to enable students to:

1. Know themselves better and discuss the purpose of their education and their life
2. Visualize themselves to become change makers: personally and socially
3. Develop closer ties of friendship with their fellow students
4. Consult about Universal Human Values and healthy attitudes
5. Experience some leadership skills through activities and educational games
6. Boost their self-confidence

Symposium on “Education in Universal Human Values”

A symposium on Education in Universal Human Values for teachers was conducted on 27th April, 2019 by Pillai College of Education and Research, Panvel in collaboration with Baha’i Academy, Panchgani. The objective of this symposium was to equip teachers with some basic ideas about Universal Human Values and means to inculcate them among their students.

This symposium was the result of collaboration between Baha’i Academy, Panchgani and Pillai College of Education and Research, Panvel and Dr. Pradhan introduced both the institutions for the participants.

The expert for the day, Lesan Azadi Sir was introduced to the audience by Geeta S Thakur and through this everyone got a glimpse of the varied work that Sir is involved with, especially with respect to Human values. He has conducted many workshops and symposiums for students, teachers and academic leaders since 2000. He was welcomed by Dr. Sally Enos, Principal, Pillai College of Education and Research, Panvel with a potted plant.

Post inauguration, the first session began with Azadi Sir taking the participants to their first co-operative discussion. The participants were divided into groups of 4 and there were total of 8 teams. The first point of discussion was whether value education is needed in schools and colleges. The participants came up with different perspectives and justification for their answers built a wonderful foundation for further discussion. All the participants felt that value education is needed and the reasons ranged from value education is ignored in our education system and the effect of the same can be seen in the behavioural issues among students, advancements in Science and technology and modernization have resulted in our value system deteriorating, values are needed to help develop a well-rounded personality with social, physical, emotional, mental growth, values are needed for the betterment of the society, today’s students are tomorrow’s future and they need to grow with the values useful for the society.

As a commitment to The Baha'i Academy, related to be a part of

Global Unity Campaigners

the MoU signed with Panchgani, we were their initiative Global

Unity Campaigners. This Global Network for teachers provided a great chance for our student teachers to connect with people from different countries as well as attend the sessions of UN days.

The student teachers participated & conducted activities and submitted reports on those activities. The various themes in which they participated were *Observance of the International Day of Families - 14th May 2021*, *Observance of the UN International Youth Day 11th August 2021*, *Observance of the UN International Day of Friendship, 2021*, *Global Unity Campaigners (2) World Environment Day, 2021*. The articles are uploaded on the official blog of Baha'i Academy. <https://www.bahaiacademy.org/bahaiacademy/showblog.php?id=3>

International Friendship-day: "Sharing the human spirit through friendship" the theme of the International Friendship-day celebrated on 30th July 2021. The student teachers were encouraged to share feelings, emotions, experiences, incidents, care and concern they gave and received from their friends in the form of *Literary Expressions*. Creative write-ups or poems were the mode through which the student teachers had to submit their expressions.

<p style="text-align: center;">Friends Forever!</p> <p>My interest in friendship day has increased over a decade. Starting with my School friends to Junior college Friends then to UG friends to PG friends and this friends list has increased with lots of new friends after my PG life. I had spent my best memory with all my friends. We all are still connected with each other we also had many get-togethers and waiting to meet and have some fun which we used too!</p> <p style="text-align: center;">A friend is someone we turn to, When our spirit needs a lift.</p>	<p style="text-align: center;">Sharing the Human Spirit through Friendship</p> <p>"Hey, I am on a diet starting today! So please no more junk for me. I want to be in perfect shape for kallu's wedding."</p> <p>"Okay chuck this...I have selected the songs that we are going to dance on. I have fixed my solo rest we shall decide for group performance"</p> <p>"Kallu! are you really going to wear the traditional gujju attire for the wedding?"</p> <p>"Whatever, my mom will kill me if I don't"</p>	
<p style="text-align: center;">ANGEL IN DISGUISE</p> <p>I know this journey may not be that long, but it passed by singing beautiful songs, They say souls recognize each other by vibes, No wonder you so easily fit in my tribe, You always treat me in your loving care, and life troubles so easily share.</p>	<p style="text-align: center;">"The Beauty of Friendship"</p>  <p>Friendship is a Priceless Gift, It cannot be bought or sold, That its value is far greater,</p>	<p style="text-align: center;">दोस्ती का मतलब</p> <p>"एक प्यार का दिन जो कभी नजरबंद नहीं करता एक साथी जो मुस्कान जो कभी पीकी नहीं पड़ती एक प्यार का जो कभी डक नहीं देता और एक रिश्ता जो कभी खत्म नहीं होता एक साथी जो कभी साथ नहीं छोड़ता"</p> <p style="text-align: center;">सर्वश्रेष्ठ साथी</p>

International Youth Day: On 12th August 2021, International Youth Day was celebrated keeping in mind the theme decided upon the United Nations “Transforming Food Systems – Youth Innovations and Planetary Health”. The student teachers were asked to make a list of all the tips they follow at home to preventing food wastage. They were also asked to take a pledge to become food systems heroes.

World Environment Day: On account of World Environment Day, observed every year on 5th June, Nature club of PCER organized a competition. The theme of the competition was Restoring waste. The student teachers created articles from waste which were of utility value. The response was enormous, and the outcome was a treat for our eyes.

Workshop of Self-development and Capacity building for teachers:

PCER Panvel in association with **Baha’i Academy, Panchgani** organized a 5-day workshop from 7th to 11th March, 2021 for student teachers with an objective to develop their personality, discover their inherent power, demonstrate the values, attitudes and skills necessary for self-empowerment. Many candidates registered for the same. The sessions were interactive with interesting activities on each day to highlight the objective of the sessions. Upon completion of the workshop, students were presented with e-certificates.

LINKAGE WITH COURSERA

Coursera is an online education provider that offers online courses, popularly known as MOOCs or Massive Open Online Courses, from top universities and companies around the world. Mahatma Education Society's tie-up with Coursera gave us the opportunity to learn and earn certificates from a plethora of renowned institutions from across the globe.

The students and faculty of MES, have free access to the Coursera courses through mes.ac.in email IDs. The student teachers as well as the teacher educators made the best of the opportunity provided.

A total of 186 certificate courses were completed by 45 student teachers from F.Y. B.Ed. (2020-22), 27 certificate courses were completed by the student teachers of S.Y. B.Ed. (2019-21) and 19 certificate courses were completed by the student teachers of S.Y. M.Ed. (2019-21).

All the teacher educators have also successfully completed certificate courses in the subjects of their interest from institutions of their choice. This opportunity helped the students, faculty, alumni and staff to hone their skills and abilities.

LINKAGE WITH CONAT

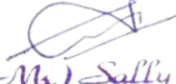

Certified Mentorship program

Cognitive and natural ability assessment (CONAT) is a 60-minute assessment to scientifically measure the Cognitive Abilities and Natural Learning Strengths of Students. The assessment numerically measures cognitive ability factors like Focus, Decision Making Ability, Creativity, Dynamic IQ termed as natural ingredients for success in life in general.

The student teachers and alumni of PCER were given an opportunity to become certified CONAT Mentors. The introductory session was open to all the student teachers as well as the alumni of PCER. To become mentors, students had to attend training sessions which was on voluntary basis. Few students went ahead with the training to successfully become certified CONAT Mentors.

The following students attended the CONAT training sessions from 27th to 30th January 2022:

1. Jeena Lyla Jacob
2. Asmita Galande
3. Pooja Rajabhau Markad
4. Archana Kumari Singh
5. Sylvia Jyoti Dmello
6. Manisha Sanjay Singh Baghela
7. Pritam Prabhakar Dhavale
8. Divya Wadhwa

Linkage with Manav Vikas Sanstha, New Panvel

October to December 2019

Inclusive education is going to be reality in Indian school system in the years to come and in order to develop sensitivity, awareness and understanding among our student teachers to the need and importance of inclusive education; we had our community service initiative at Manav Vikas Sanstha, a school for special children at New Panvel. This school has students with mild to moderate to severe disability that are taken care of by a wonder team of well-trained and sensitive teachers led by their Principal, Ms. Shreya Jadhav. They also have an in-house psychologist, who designs activities and tests for these students. Each of the student stays in one

class under one teacher for about 3 years before they move on to the next class. There are games and activities planned in such a manner that everyone

Our students and teachers were at this school for nearly 3 months beginning from October. Each batch of students spent two hours every day with the children and their teachers in understanding the needs of the students and ways to help them. Our student teachers also prepared teaching aids for the center as per the

instructions of the teachers. The objective of taking our student to this school was to make them sensitive to the society we live in; the people who are part of the society and also make them realize the amount of patience and sensitivity required by the teachers to handle special children.

Workshop on Dyslexia awareness

On 4th October, 2019 a workshop on Dyslexia was held at CKT college, Panvel. The workshop was organized by Bharatiya Manav Vikas Sanstha in association with the Maharashtra Dyslexia association. Ms. Priyanka Pandit and Ms. Sai Gharpure were the speakers. They spoke about specific learning disorders. They also mentioned that dyslexia, dysgraphia and dyscalculia coexisted together. As teachers we need to be very patient with students with specific learning disorders and understand that these students are equally capable of doing great things. We need to be aware about the different provisions that the government has made so as to engage them and encourage them in their own fields. It was a wonderful experience being part of this workshop as it enriched our knowledge and also helped us to understand the various difficulties that differently-abled students face.

5. Identifying areas of innovative practice

ASSOCIATION WITH UGC-HUMAN RESOURCE DEVELOPMENT CENTER, UNIVERSITY OF MUMBAI

Mahatma Education Society's Pillai College of Education and Research New Panvel organised the Short term course on "Contemporary Strategies in Teaching and Assessment" in collaboration with UGC HRDC University of Mumbai. -6th Feb 2020 to 11th Feb 2020

Dr. Sugra Chunawala, Dean and Professor, Homi Bhabha Centre for Science Education, Mumbai was the guest of honour for day 1. She highlighted the theme of the short term course. She explained the meaning of assessment and threw light on large scale assessment and narrow scale assessment with the help of think pair and share activity. She explained to the participants concepts like disruptive technology, cognitive conflict and diagnostic testing. She also shared how PISA- program for international student assessment conducts tests.

Dr. Deepa Chari, Homi Bhabha Centre for Science Education conducted a session on "Responsive Pedagogies". She explained about differentiated instruction, understanding what mindsets are and how a growth mindset is different from a fixed mindset. She also highlighted techniques such as interactions with clicker questions, using white board student-led discussions and peer instruction help responsiveness. She also mentioned how quiz, group presentations and newspaper clippings can be made interesting tools of assessing the students in the classroom.

Ms. Reema Mani from Homi Bhabha Centre for Science Education conducted a session on contemporary strategies in classroom assessment. She explained that teachers can use strategies

like one minute papers, poster making, chain notes, weekly papers, summary writing, concept inventories and Google forms for assessment.

The second day of the short term course began with a session on "Cyber Security: Growing up digital" which was conducted by the resource person DR. Prakash Lokhande from MES Pillai College of Engineering, New Panvel. He informed the participants that the age group 10 to 18 and the age group 35 to 60 are the two target groups for Cyber criminals. He explained how cyber

criminals target the common people. He stressed on how teachers need to know to protect themselves and their students. He mentioned the use of technology to help teachers to make the students online-time productive in the classroom and at home. He revealed the shocking fact of how selfies and photographs that are uploaded on social media give complete information about the phone, place, etc. He also showed how emails, passwords and home CCTV can be hacked and how mobiles can be made more secure. He also highlighted frauds related to ATM cards, credit cards card cloning, etc.

The session titled "Self-assessment and self-regulation for Joyful Teaching" was conducted by DR. Sybil Thomas. Madam explained the meaning of reflection with an activity. She urged that as teachers we must make an appointment with ourselves, every teacher must make time to reflect and learn from her experiences. She emphasized that only if we discover ourselves then we can go towards others-"Myself is my only and true companion". She carried out the activity of 'Johari Window' for self-assessment. She also explained that assessment is a process to remove objects, behaviour, thoughts that are hurdles and not necessary and keeping the right and important things and moving ahead.

The third day session was on "Digital Immigrants versus Digital Natives" conducted by DR. Agnes D'costa, Associate Professor at Pushpanjali College, Vasai. She explained about various avenues like OER's- Open Education Resources, Website blogs, discussion boards, Learning Management System, MOOC Massive Open Online Resources and Virtual Laboratories. She explained their uses, highlighted how SWAYAM enables teachers to learn through and also

create e-tutorials, e-content, and access web resources and develops self-assessment techniques.

DR. Madhavi Dharankar from SNTD University's department of Educational Technology. She interacted with the participants on the problems faced in the classrooms in higher education. She explained that flipped classroom means combining classroom traditional teaching-learning with digital instruction however success can be achieved if there is a perfect blend of both together. After discussing the objectives of flipped classroom, she threw light on- 'rotation, flex, self-blend and enriched virtual' as the four models of blended learning. She also explained the face to face mode and online mode of conducting activities. The participants also planned a Blended learning course structure with in-class activities and out-of-class activities.

The Day 4 session 1 and 2 were on "Moodle as a tool for Teaching Learning and Evaluation". The resource person was Mr. Mandar Bhanushe from IDOL- University of Mumbai. He told the participants that Moodle is FOSS- i.e. free and opensource software and it stands for 'Modular Object Oriented Dynamic Learning Environment'. The resource person

DR. Geeta Shetty, Associate Professor from St. Xavier's Institute of Education & Research,

introduced progressive pedagogy as adding a new dimension with respect to students, society and self. She said we make meaning of the world around us based on our mindsets, perception and experience. She conducted an activity which depicted that we are very comfortable with natural or existing structures but it is important to update,

upgrade and be progressive. She explained the concepts of cognitive dissonance, knowledge dimension and process dimension and the use of schema in teaching learning.

DR. Anna Fernandes, Principal, Shree Narayan Guru College of Education, Chembur, began with Spot jogging an activity to make the participants realize their potential. She told the

participants that "The best teachers are those who show you where to look but don't tell you what to see." She emphasized on the student-centred approach of teaching to overcome the problems we face in our classrooms. She explained in detail the Service based learning method to the participants- its meaning, need and its steps with the help of a Snow-Ball Game. She also highlighted the Team-based learning method and Student-preparation, readiness assurance and application as its steps.

DR. Anusha Ramanathan from Tata Institute of Social Science conducted a session on Differentiated Instruction. She emphasized on the fact that One size does not fit all, similarly every student is unique and therefore how differentiated instruction is very much required. She explained how teachers can differentiate on the basis of content, assessment, performance tasks, and instructional strategies.

Linkage with Homi Bhabha Center for Science Education

National Science Day is celebrated in India on 28th February each year to mark the discovery of the Raman effect by Indian physicist Sir C.V. Raman on 28th February 1928. For his discovery Sir C.V. Raman was awarded the Nobel Prize in Physics in 1930.

Homi Bhabha Center for Science Education (HBCSE) in Mankhurd organizes exhibition which showcases the advancements in Science and Technology and is open for all. Schools and colleges bring their students as it is wonderful exposure for students with interest in Science.

Every year students of first year and second year B.Ed. students of our college, Pillai College of Education and Research, New Panvel, visit this exhibition.

In the year 2020 about 40 students along with teachers made the trip to HBCSE. The special feature of this year's exhibition were the exciting demonstrations in Science and Mathematics, Exhibitions on „History of Science, Gender and Science“, Hands-on-minds-Mathematics, Exhibits in Design and Technology, Physics, Chemistry, Biology Olympiad Experiments Glass Blowing Techniques, Liquid Nitrogen Experiments, Video shows, Book Exhibition, Sale of Books, Scientific toys & Garden Walk.

The theme for the National Science Day 2019 was ‘Science for the people and people for Science’ This year about 50 students along with teachers made the trip to HBCSE. There were various exhibits on weather and climate, plant and animal life, Science and its utility to

human life, various interesting scientific phenomena like glass blowing, liquid nitrogen, etc. There was a special exhibit about the history of Science and the role of women in Science. This was an interesting addition as understanding the contributions of many women scientists are not known to most of us. Their work was overlooked at times and at other times their contributions were passed to other male scientists. It is an interesting aspect as we could see the difference in how women are encouraged to take up Science as a career and are seen excelling in it.

Books and various articles of scientific interests are also on display. There are lot of hands-on experiments for the students. It is always a wonderful experience for all and we come back enriched with the exciting and dynamic knowledge that Science has to offer.

MoU with SOPAN: Society of Parents with Autistic Disorders – Shanay

MES' Pillai College of Education and Research, New Panvel (W) signed an MoU with **SOPAN: Society of Parents with Autistic Disorders - Shanay**, an NGO which works passionately for the children with Autism, Down Syndrome, Cerebral Palsy, and other intellectual and developmental disabilities. This will not only provide opportunities to the Student-teachers & educators to understand the need of specially abled children and the teaching techniques required for their physical and mental well-being but also sensitize them towards inclusive education.

6. LINKAGE WITH A REHABILITATION CENTER- IMMANUEL MERCY HOME

As Mahatma Education Society celebrated its 50th year, our community day on 24th January, 2020 had a slight difference. This year, we were asked to invite our alumni to participate as volunteers for the day. As in the past year, this year also we had children from **Immanuel Mercy Ashram, Chiple, Panvel** as the NGO we connected with. For community day, we obtained permission to take children to V Pillai Campus and on the day of the event, 20 children from the ashram were brought to the campus. After a wonderful lunch, we took the children to the designated over the activities and games and involved all the children. Most of the games were group games but we also played Housie. The children had a wonderful time participating in these games and everyone went home with prizes. The prizes chosen this year were of utility value depending on the age of the students. After receiving snacks and gifts sponsored by Mahatma Education Society, the children were dropped off at Immanuel

Mercy Ashram.

Sponsoring Education of students with Alumni

Lending a helping hand for Education...

On 11th August, 2018, the Pillai Education Alumni Association Committee met to discuss the activities for the year 2018-19. As per the decision taken in the meeting, the fees of 20 orphan children of Immanuel Mercy Home, Chiple was paid using the Association account. A cheque for the amount of Rs. 30,000/- was handed over to the CEO, Mr. Tulsidas K. Mhaskar of St. Andrews International High School in the presence of the trustee, Mr. Sinu Mathew.

LINKAGE WITH SHANTIVAN- Rehabilitation center at Nere, Panvel

Pillai College of Education & Research, New Panvel has believed in reaching out to the wider community as part of its community service programme & to put this thought into actions the college had arranged community service for the students this year at Shantivan, Nere, New Panvel. This center is spread over 122 acres of land. It is a leprosy rehabilitation center where inmates suffering from the disease are treated and also accommodated along with their families. While here, they are engaged in different activities like farming, cottage industry and so on. There is also an old age home where senior citizens stay in a clean, fresh environment with proper food and medical facilities offered to them. They also run an Aadharghar, where senior citizens with disabilities are taken care of. The students and staff went to Shantivan for five days helped in cleaning the surroundings, helping the aged, interacting with the inmates of Aadharghar and assisting the teachers in the primary school.

SHRAMDAAN

Pillai College of Education and Research, New Panvel, students and teachers had a three-day visit to Shantivan to clean up which actually involves hard labour. We pulled weeds and overgrown grass from different sections of the center as per the instructions of the staff. This was also a preparation for Diwali. Our students and teachers completed all the work as given.

AT THE OLD AGE HOME- Aadharghar

Our students and teachers spent time at the old age home with the senior citizens and were moved by the tales they heard from them. This also sensitized them to the need to look after our parents in their time of need. Our students also paid visits to the weaving center to see how rehabilitated patients earn their livelihood by weaving most colourful and beautiful bags, dhurries and such items.

REPORTS OF ACTIVITIES

Navjeevan Center- Nerul

“We make a living by what we get, but we make a life by what we give.” PCER Panvel, B.Ed students took up community work at Navjeevan Center, Nerul as a part of their curriculum. Students of NIOS, NEET and D.Ed. we're taught one to one and in small groups preparing them for their potential success and growth. The outreach was much appreciated by the NJC students and staff. 20 students took classes in two sessions morning and afternoon for NIOS and Nursing entrance exam. All of them had a common goal of assisting and teaching the students to achieve success. They all worked with cooperation selflessness dedication and efficiency.

“Alone, we can do so little; together, we can do so much.”

The students there were punctual responsive ready to learn and most of all very grateful and eagerly awaited for the teachers to come which kept each one motivated. It improved their ability to understand complexity and ambiguity. It helped their interpersonal development, particularly the ability to work well with others, and build leadership qualities and communication skills.

Overall it enhanced the sense of personal efficacy, personal identity, spiritual growth, and moral development. The students who rendered selfless service at NJC were much appreciated by the cooperative staff and our principal.

Jeevan Jyoti Charitable Trust-Panvel

Community work at Jeevan Jyoti Charitable Trust which is located in Panvel near NMMT bus depo was started in February. The trust was founded in 2004 by Sister Marina with a thought to educate the under-privilege kids. She believed that education is the only way which can lead the kids to develop morally and economically and this would eventually enlighten the society. She believed to treat the poor kids in terms of health and education, that's how the trust started, in collaboration with Saint George church. Today the trust comprises around 30 students and it is being managed by sister Carolina and Sheeja teacher.

Dr Geeta Thakur, the mentor of the group of teachers who went there for community work were guided well. The community work was part of B.Ed. curriculum. The student teachers got an opportunity to go and serve the society in the best possible way. Teaching included English alphabets and phonics, numbers, addition, subtraction, about community helpers and how to maintain discipline and cleanliness in our place and surrounding. Student teachers also inculcated basic exercise, rhymes, stories and so many activities with help of props, which made it easy for them to understand. When we are privileged we should serve the society for its betterment.

Nirmal Jeevan Charitable Trust-Kamothe

Nirmal Jeevan Charitable Trust is a Non Profitable Organization on a mission to empower individuals and community to live with Dignity. The Trust was registered under Bombay Public Trust in 1950. Inaugurated on 25th January 2017, their main areas of intervention are Health, Education and Women Empowerment. Their five main projects are Kal Ki Chaaya, Titali, Pukaar, Uchi Udaan and Sach. The activities of the trust are patterned on the model evolved by Mother Teresa and are dedicated to her memory.

We started our Community Work at Nirmal Jeevan Charitable Trust in January. We first visited the center along with our mentor Dr Jiji Sahaya Ma'm. On the day of our orientation we were made aware of the conditions of the children studying there and how they were brought by their coordinator Jophy ma'am. We were then arranged into 4 groups each with one group consisting of 4-5 members. Each group was supposed to visit two days per week to teach the children there.

The time frame given was 2 hours and we worked hard to bring difference in child life in whatever way possible through our involvement. We'd keep records of the portion taught and discuss them so the other groups could follow. The teacher in charge was Sheetal ma'am she would give us the portion to be taught according to the standards. There were four standards Nursery, junior, senior and Second. Each week we'd visit to teach and conduct various activities for the children, each group would teach in the first hour and start with various informative and fun activities in the second hour.

All in all it was an eye opening journey for all of us. We'd like to thank our teacher and Principal for providing us with such a wonderful experience and giving us an opportunity to serve the society.

Kalki Chaya- Kalamboli

As part of the B.ED curriculum the first year B.ED students at MES Pillai College of Education and Research were required to enroll themselves for some kind of community service. Come to think of it, the very goal of education is to serve the humanity and what better way than to impart elementary education to the underprivileged. The students were naturally elated since they would get a hands-on experience to conduct classes. Indeed they also understood the relevance of the program which was predominantly based on helping the needy. Speaking of the program, the entire batch was divided into small groups which were required to visit common community centers located nearby their residential address, for a stipulated period of time. And accordingly students from Kalamboli were scheduled to visit an NGO called Kalki Chaya situated in the particular place. I must say the whole activity proved to be one big learning experience for each one of us. Besides providing the tiny tots with basic academics we conducted several extracurricular activities such as sandwich making and creating paper cutouts. Needless to say the children thoroughly enjoyed the process. As for us we got to learn the important values associated with our would-be profession. To conclude the memories of the good time spent at Kalki Chaya will be permanently etched in our minds throughout our lives.

Participation in National Seminar

Principal & Faculty participated in the National Level Seminar held at PCER-Panvel. The Paper presentation session was chaired by Mr. Mukhtar Farid, the Management representative of KME society's Momin Women's college. All the presentations made by the participants were relevant to the sub-themes as they shared best practices to conserve our environment. All presentations comprised of thought provoking visuals and varied topics right from mangrove management, waste segregation, waste management and their techniques. The session concluded with the expert comments of Mr. Mukhtar.

There was one more session with 28 paper presentations after this. This was chaired by Dr. Moses Kolet, Principal of Momin Women's College, Bhiwandi. In the valedictory session, feedback was collected, participants shared their views on the seminar and certificates were distributed by the guests.
