Minutes of the IQAC meeting held on 18th June 2022

Preparing of AQAR & Discussion on submission of AQAR for academic year 2020-2021

Dr. Bhavna Dave welcomed all the IQAC members. She said that a detailed criterion-wise plan needs to be chalked out so that all areas for quality improvement are covered.

After discussion, the various criterion given by NAAC were distributed amongst the B.Ed. & M.Ed. faculty members keeping in mind the portfolios they handled in college and each one was told to list their plan of action and give the document to the IQAC Coordinator.

Principal Dr. Sally Enos told the faculty members that details of all the events and activities carried out in the said academic year must be duly recorded and documented and the same must be presented in the AQAR to give a clear representation to NAAC regarding the endeavors made at the institution towards quality improvement.

Discussions on activities to be carried out

The IQAC members decided that this year in addition to the celebration of days in college, another list of days of National & International importance will be celebrated. This will not only help to spread knowledge & awareness but give an opportunity to all the students to be actively involved in planning, preparation, execution & review process. Groups of Students to be made & each group to be given the responsibility for executing the allotted event.

Dr. Sally Enos also told the faculty members to plan educational visits for the students that would be informative & help students to gain knowledge & understanding.

The literary club in-charge Mrs. Pradnya Jadhav informed that the current batch of students have been already informed about the activity- "Book pe Charcha". Their presentations will be scheduled in the coming months.

The in-charge teachers of the Value-added courses also presented their course of action for Semester-3 & 4.

Minutes of the IQAC meeting held on 25th March 2023

Dr. Sally Enos was in the chair. After welcoming the committee members, Dr. Bhavna Dave briefed everyone about the NAAC related activities in college.

Discussion on preparation of SSR

Report writing and documentation work with respect to all Criteria were discussed as carried out by faculty members. Sources for the resources related to missing data in each criterion were discussed so that it could be kept ready for upload.

Discussions on submission of IIQA

The IQAC members discussed that since most of the materials needed for SSR were ready the IIQA can be submitted by March end. Once IIQA approval is sought, criterion-wise uploads of SSR can be taken up.

Regarding self-study courses

Coordinator Dr. Bhavna Dave informed that majority of our students have been doing courses from Coursera as MES has a tie up with them but students have to be encouraged to complete and get certification. Dr. Anna Fernandes suggested that students should be provided information on online self-study courses conducted by Coursera, Swayam, NPTEL & other online modes not only because it is a required data for SSR but also such courses will help students to make their profile strong & add on to their resume. Dr. Bhavna said that she would definitely take a session with the students to make them aware about courses offered by Swayam, NPTEL and other platforms like Alison, Udemy, Edex etc.

The meeting concluded with a vote of thanks to all the members for their suggestions.
