

MGM Institute's University Department of Nursing, Kamothe

The partnership between Pillai College of Education and Research (PCER), Panvel, and MGM Institute's University Department of Nursing, Kamothe, facilitates resource sharing and workshops focused on sustainable practices.

PCER and MGM Institute's University Department of Nursing engage in resource sharing initiatives to promote sustainable practices. The collaboration between PCER and MGM Institute's University Department of Nursing encourages interdisciplinary collaboration and knowledge exchange between educators, researchers, and healthcare professionals. This fosters a holistic approach to sustainable healthcare and promotes innovation in nursing education and practice.

PCER, Panvel, with MGM' College of Nursing, Kamothe, conducted a week long certificate course on "Basic First Aid". The course was conducted in the second week of December and the sessions included lectures on various emergency situations people face like snake bite, sun stroke, heart attacks, burns, seizures etc. which can be brought under control by following simple first aid processes. Practical sessions on handling and moving patients gave the students hands-on experience and a confidence to help people when the need arises. At the end of the sessions, the student teachers of F.Y. B.Ed. and S.Y. B.Ed. who enrolled for the course had written and practical assessment. On satisfactory completion of the course, certificates were awarded to the student teachers.
